"Hondo No. 1" Spudded In.

On June 2nd, 1926, a large delegation of Medina county citizens witnessed the spudding in of Well No. 1 of the Medina Oil Development Company, incorporated. The well is located on Survey No. 18, John Ward.

This progressive company was organized some months ago in Medina county. The Medina Oil Development Company is the owner of five-year commercial paid-up leases on twelve thousand acres of land selected under the advice of an eminent geologist. It is fully equipped with a first class drilling outfit and the company is fully financed.

F. A. Brown, manager for the Medina Oil Development Company, has just returned from St. Louis and while there interested capitalists who returned with him, accompanied by their geologist, who made a most minute and thorough investigation of the company's holdings. The report made by this geologist, a man of wide experience, was thoroughly in accord with the opinion of Mr. Vidler, geologist for the Medina Oil Development Company, which report is herewith set out in full, and also coincides with the opinions of various geologists, all of whom have been greatly impressed with the great possibilities for a highly valuable shallow field in the southern portion of Medina county, extending east and west through the county. These St. Louis capitalists have purchased a large block of the stock of the Medina Oil Development Company and are very enthusiastic over the prospects for oil.

There are a number of wells now drilling on and near the holdings of the Medina Oil Development Company, and others are to start immediately, and it is the firm conviction of all persons conversant with the situation that it will only be a matter of a short time when an oil field of great value will be uncovered. The Empire and other large companies have valuable protection acreage near the test wells now going down. Few leases, if any, are on the market, in the section of territory embraced in the accompanying report. Oil scouts for the large companies and other oil men are now seen daily on the streets of Hondo, keeping in touch with the situation.

Mr. Brown, of the Medina Oil Development Company, stated that although he was still issuing stock at the original price of ten dollars a share, it was the plan of the company to discontinue the sale of stock within the next few days. The well of the company, Hondo No. 1, just spudded in, will be pushed to completion with all possible speed. Oil in paying quantities is expected to be found at a depth of one thousand feet or less but the company is prepared to go much deeper if found to be necessary.

GEOLOGICAL REPORT.

The Directors of the Medina Oil Development Co., Hondo, Texas:

GENTLEMEN—As per the request of your committee on development, I made an examination of your several holdings in Medina county. Owing to the fact that I have been making a particular geological survey of this district for the last five months, I was able to go over your lands very quickly and at the same time give you the benefit of my previous work. In picking the location for your first well I have endeavored not only to give you the best location geologically but have also taken into consideration the economical and geographical features as well.

My recommendations and reasons will be found in the following report.

LANDS.

The lands owned and controlled by the Medina Oil and Development Co. lie entirely in Medina county, Texas, being fairly scattered over a large territory. Generally this report covers a tract of land bounded on the west by the Joe Ney ranch, on the north by the E. R. Leinweber ranch, on the east by the Armin Bendele ranch, on the south by the Jacob Fohn ranch, comprising a tract of approximately thirteen thousand acres. The towns of D'Hanis and Hondo, both on the Southern Pacific Railroad, are adjacent to these lands.

TOPOGRAPHY.

The surface of the lands embraced in this report is a rolling, undulating terrain cut by two large creeks, the Hondo and Seco, and many smaller ones; the drainage is practically all south. The majority of the land is good farm land and is being intensively cultivated. The uncultured land is for the most part covered with small shrubs, mesquite and live oak.

GEOLOGY.

The surface of these lands begin in the Eocene Tertiary on the south and run into the Webberville formation of the Upper Cretaceous on the north; columnar section covering this entire condition accompanies this report and can be referred to.

The Eocene Tertiary, which is the

uppermost material found in place on these lands, varies in thickness from nothing on the north to five hundred feet thick on the south, and is composed of laminated sand and clay, the sandstone often cross-bedded and with two main exceptions, namely: two massive sandstones, one at the central part and one at the base of this measure, are unconsolidated. The Eocene carries no oil on these lands but coal veins are found at several places which are more or less commercial. The coal is a poor grade of lignite; carbonate of iron and is for the most part cementing material of this measure, while pieces of iron pyrite are often encountered.

The Webberville formation which directly underlies the Eocene is the first of the Upper Cretaceous measures and will be found to be four hundred and fifty feet thick. It is a black, shaly, bituminous clay with occasional sandy and harder layers.

A sandstone is usually found toward the central part and a greenish sand at the bottom known as glauconite; both these sands can carry oil and it seems to be a local condition as to their thickness whether they carry commercial oil or not.

The Taylor marl directly underlies the Webberville and will be found to be six hundred feet thick at this place; it is composed of a bluish, unctuous marly clay (joint clay) with sandstone at the central and lower parts. These two sandstones produce all the oil developed in the Sommer-set fields and are the most prolific sands of the Upper Cretaceous series.

Underlying the Taylor marl comes the Austin chalk which is a white chalk with conchoidal fractures usually carrying salty or sulphur water.

The basis of oil geology is the fact that oil floats on the water. Oil can be produced from three conditions, namely: domal or faulted anticlines, lenticular sands and from arrested monoclines. Burk Burnett and Ranger get their production from well developed anticlines, the oil being forced into the high places by the water in the synclines.

The several places in Wyoming oil is being produced from lenticular sands, that is, a sandstone layer completely surrounded by shale so that no water could get in. The gas pressure then does the work of the water in the anticlines.

The lands embraced in this report lie in a natural monocline which extends to the Gulf coast and if it had not been for a peculiar geological condition or a series of conditions the oil that had been generated by heat and pressure in the bituminous shales of the Webberville and Taylor marl formations and collected by their containing sands, would have been driven out, but seven million years ago the earth now covered by the Tertiary measures was a part of the ocean and the cooling which naturally took place under the water caused contraction which naturally was most effective at the shore line, and a terrace was formed, assisted by the motion caused by Balcones fault which runs parallel to the shore line. This terrace arrested the monocline and caused the oil to accumulate in it and therefore a well spotted on this terrace should produce commercial oil. This identical condition exists from the field at Corsicana to Uvalde and is the cause of all production along this line.

SUMMARY AND RECOMMENDATIONS.

After a careful study of the foregoing paragraphs the following salient features should be considered:

A. The lands owned and controlled by the Medina Oil Development Company lie on and adjacent to the shore line or terrace as outlined in the preceding paragraphs under "Geology."

B. Underlying these lands we have approximately nine hundred feet of bituminous shales with sandstones for generating and trapping the oil.

C. The same measures have produced all the commercial oil ever produced in the Upper Cretaceous system in Texas.

D. That the dip of this terrace is sufficient to have accumulated and trapped a large amount of oil. Therefore I recommend that a well be drilled on either the Fusselman acreage or the Cruserturner lands.

I wish to state that in choosing these two locations I have done so for the following reasons:

First, The geology, which can be readily followed in Hondo creek, proves conclusively that the main terrace or line of greatest accumulation passes east and west through these tracts.

Second, That this company holds now under lease over three thousand

FINE TOUCHES

EXAMINE the fine craftsmanship of an Eagle Shirt—the set of the collar band, its opaqueness, the center finished to the end of the skirt, the extra button at the bottom, the fine stitching, the matching of the cuffs, the sewing of the buttonholes, the stick-to-it-iveness of the buttons.

These touches help to make unnecessary the absolute guarantee given by the maker and by us.

Every shirt the ultimate
in value

EAGLE SHIRT

E. R. LEINWEBER CO.

"The Square Deal Store."

acres of land surrounding these locations.

Third, There is ample water in the Hondo river to drill any number of wells.

Fourth, That these locations lie almost between the Haass well and the new location on the Kaegelin lands and will prove land that cannot be practically proven or disproved by either of these wells and which has not been proven before.

Fifth, These locations are adjacent to good roads and a lane leading to a siding on the main line of the Southern Pacific Railroad and therefore can be hauled to very economically. There is an abundance of wood for fuel on the adjoining lands. And so I think this well should be drilled very cheaply.

It is impossible to give in metres and bounds the locations for the wells but a committee composed of Messrs. Noonan, Jungman and Brown were with me and they have the places well located.

The depth necessary to drill to test out the Upper Cretaceous measure should not exceed nine hundred feet; in this depth you should encounter at least four sands, any of which may prove commercial. The first should be encountered between three hundred and three hundred fifty feet; the second sand should be encountered between four hundred and four hundred fifty feet; the third sand should be encountered between six hundred fifty and seven hundred feet; and the fourth will be encountered between eight hundred fifty and nine hundred feet. This last sand will probably prove the most

prolific as is the case in the Sommer-set field.

I wish to state in conclusion that I believe your company has an excellent chance to become a commercial producer of petroleum, and while I do not expect you to strike gushers in this field, I see no reason why your production should not equal that of Sommer-set and in that case a very remunerative proposition can soon be made out of the present company.

Respectfully submitted,

S. GORING VIDLER.

ED. HUEHNER, LOCAL REPRESENTATIVE

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

Miss Emma Fous has returned from a lengthy stay with relatives in San Antonio.

Mr. and Mrs. C. B. Watters of San Antonio, Monroe Taylor and Miss Hazel Mcfield and Miss Anne Davis of Hondo spent Sunday here with L. Scherrer and family.

Misses Lorine and Pauline de Montel of Dallas and Miss Lucile de Montel of Hondo are spending the week with their parents Mr. and Mrs. Robert de Montel.

Mr. and Mrs. Richard Coleman of Paris, Texas, are visiting Mr. and Mrs. T. C. Whitehead this week.

Mesdames Sebastian Tschirhart and Eugen Margold were San Antonio visitors this week.

Carl Haegelin and Chas. Montel were San Antonio visitors one day this week.

Miss Amanda Wurzbach of French Settlement was shopping here Monday.

Miss Nora Biediger is at Riomedina this week.

Mrs. Mary Wernette visited at Riomedina the first of the week.

Rudolph Wurzbach and son, Arnold, were here from Riomedina Monday.

Ed Seekatz and son, Alton, of Riomedina were here one day this week.

Mrs. Lena Hummel is visiting Mr. and Mrs. Adolph Wurzbach at Cliff.

Jos. Courand and son, Joe, were here Saturday from San Antonio.

Mrs. Arthur J. Williamson, Miss Evelyn de Montel, Elbert de Montel and Miss Abbie Bradley of Hondo visited Mr. and Mrs. L. Scherrer here Saturday.

Alois Haby of Red Wing was a visitor here one day this week.

Louie Hutzler and daughter, Selma, were here from Dunlay Monday.

Mrs. F. Kilhorn was at Biry one day this week.

Mr. and Mrs. Albert Tschirhart and children visited in San Antonio one day this week.

Mr. and Mrs. Joe Tschirhart Sr. of Noonan were shopping here this week.

Mrs. Ed Sittre and Mrs. Fred Sittre of French Settlement were shopping here Friday.

Mr. and Mrs. Emil Mangold and children of lower Sauz passed through here Saturday en route to Tarpley on a visit to Mr. and Mrs. August Mangold and family. Miss Hilda Mangold accompanied them home.

Otto Schmidt and sister, Miss Katie, were San Antonio visitors this week.

T. C. Whitehead and Wm. Rihn Jr. made a flying business trip to San Antonio Monday.

Julius Tschirhart joins our happy band of readers this week. Thanks.

A nice shower of rain fell here Monday evening.

Col. J. B. Wernette returned from an extended visit to kin-folks, at San Antonio Tuesday evening.

Mr. and Mrs. Chas. Dumont of Hondo passed through our little burg Thursday en route to the Alamo City, returning Saturday.

A Grand Dance will be given at the Empire Opera House, Castroville, on Sunday night, June 6th. Schott's four-piece orchestra will furnish the music. Everybody cordially invited.

Mrs. J. J. Petsch of San Antonio paid a visit to her father, Mr. Louis Haller, and family, Wednesday.

By an oversight, we failed to mention that a certain young man made a flying, but still a very important, trip to Tarpley Sunday before last.

Miss Florence Deckert of D'Hanis spent the past week with kin-folks and friends of lower Medina.

Miss Hilda Mangold of Tarpley spent the past week with relatives and friends in our midst.

Mr. and Mrs. Albert Kempf Sr., and son, Alfred, and daughter, Miss Annie, and Mrs. Jos. Biediger Jr. were Hondo business visitors Thursday.

Mr. Amos J. Biediger and Miss Hilda Mangold visited kin-folks and friends at Lacoste Friday evening.

We have the Agency for Ford Cars, and carry a Full Line of Ford Parts. Citizen Auto Co., authorized Ford Service Station, Castroville, Texas. 30tf.

Cut This Out and Take It With You.
A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

Appointed County Attorney.
David C. Brown of Devine was appointed County Attorney of Medina County, at the sitting of the Commissioners' Court, the past week. Mr. Brown is a member of the Devine school board and will resign if the Attorney General decides that he cannot hold both offices. Since the office of School Trustee is not a remunerative office, it seems to be a doubt whether this would disqualify him to act as County Attorney, of vice versa. — Devine News.

Best Remedy for Stomach Trouble.
I am pleased to have the opportunity to say a good word for Chamberlain's Tablets," writes Mrs. Mamie Bertel of Moberly, Mo. "I think they are the best remedy for stomach troubles, biliousness and constipation I have ever used. I have taken them off and on for two or three years and they always relieve indigestion, tone up the liver and make me feel fine."

Dewald Elected Principal.
Prof. J. P. Dewald, principal the past year at Yancey and formerly principal of the Devine school, was re-elected principal and teacher in vocational agriculture for the Devine High school for the next term. Mr. Dewald had announced that he would leave Yancey, was in Devine last Saturday, and the board was not long in deciding to offer him a place in the Devine faculty. He has been offered more than he has been getting at Yancey, but still there is a question of salary. — Devine News.

Sore Nipples.
Any mother who has had experience with this distressing ailment will be pleased to know that they may be relieved by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

Sabinal Sentinel Siftings.

Mr. Pat Lynch was over from Hondo Sunday.

Mrs. T. E. Wyatt went to San Antonio Wednesday.

Mrs. Richard Reilly and baby of Hondo came over yesterday to visit her sister, Mrs. A. F. Reinhart.

Miss Mary Watson went to Hondo yesterday on a visit.

Mr. Jacob Reinhart returned Wednesday from San Antonio, where he attended the State of Texas Republican Convention. We learn from him that Mr. C. P. Wood, and Mr. I. G. Parr also attended the Convention from Sabinal and that Mr. Goldbeck of Uvalde was there, these four constituting the Uvalde County delegation. The Convention selected delegates to go to the National Republican Convention which meets in Chicago next month.

Booze Is Not a Good Cure.

(From the Ames Iowa Intelligencer.)
When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

Mr. and Mrs. E. A. Schott and family and Mrs. Ed. Ellinger were San Antonio visitors Sunday.—Devine N.

Stomach Troubles.

If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.

Another bed of ease is when a man lies down on his job.

Why is it that a man ordinarily is polite to his wife only when he is mad at her?

Catarh Cannot Be Cured

by LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE will cure catarh. It is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE is composed of some of the best blood purifiers. The perfect combination of the ingredients in HALL'S CATARRH MEDICINE is what produces such wonderful results in catarh conditions. Druggists 75c. Testimonials free. F. J. FARM DWELLERS ASK FOR BOOKS

Announcement of the "Books for Everybody" Movement
Brings Letter Flood.

INFORMATIVE WORKS SOUGHT

Requests for Reading Matter Range
From Volume on Drainage to
Collins' "Book of the Stars."

The announcement of the entrance of the American Library Association upon the "Books for Everybody" movement and still later news accounts of the activities of the organization along these lines resulted in a widespread appeal from residents of the rural districts of the country for books on farming. Whether the American farmer is simply evidencing his ambition to do a good job better or whether the better crops of his neighbor, who has attended an agricultural college or school, has spurred him on is a matter difficult to determine. But the fact remains the farmer is asking for books. The great majority of American farmers are either without libraries and book service or they are inadequately served.

One of the points which the American Library Association in its "Books for Everybody" movement is strongly urging is the extension of the county library system in states where enabling acts have been passed—some twenty-one in number—and the proper legislation in others which have not yet taken the step. The system, with its central library and radiating lines to stations in the remotest sections of the county, assures good books to every man, woman and child who cares to reach out a hand and grasp one.

Letters Show Need of Service.

The American Library Association is not giving its entire attention to the urban dweller, nor is it neglecting the centers of population for the rural districts and communities. It is, however, unquestionably eager to create a steady flow of informative reading to rural America. That the need for such service exists and that it is anxiously sought is evidenced in every letter of this nature received by state library commissions and by the A. L. A. A few excerpts have been selected because they seem to express most truly the needs of thousands of others.

When Lydia Carlson, whose farm is beyond Mason, Wis., asked for copies of "Productive Farm Crops," "Productive Vegetable Growing" and "Principles of the Practice of Poultry Raising" she echoed the book needs of her neighbors. Then she revealed the fact that her eyes are not always in the furrows by asking for a copy of Collins' "Book of the Stars."

What Others Desired.

There was a pressing need behind the letter from James Dunn, who lives ten miles from Convent, La., the nearest town, which has a population of only 500 people. He asked for a copy of "Practical Farm Drainage." The task of keeping his acres dry was beyond him. Walter Williams of Osseo, Wis., wanted to know if he could make fuel alcohol from frozen potatoes and spoiled fruits, and if he could, where there any books on the subject. The requests run the whole range of farm operations. Some wish to know how to treat scale, others desire facts on hog raising. Books giving information on crop rotation are in demand.

The American Library Association is raising a \$2,000,000 fund to finance the "Books for Everybody" movement which during the next three years will be carried on in co-operation with existing libraries and library agencies. The money is not being raised through the medium of an intensive drive but through the individual efforts of the librarians, library trustees and friends of libraries.

For the Relief of Rheumatic Pains.

When you have stiffness and soreness of the muscles, aching joints and find it difficult to move without pain, try massaging the affected parts with Chamberlain's Liniment. It will relieve the pain and make rest and sleep possible.

Most men who hate mankind are close students of their own individual natures.

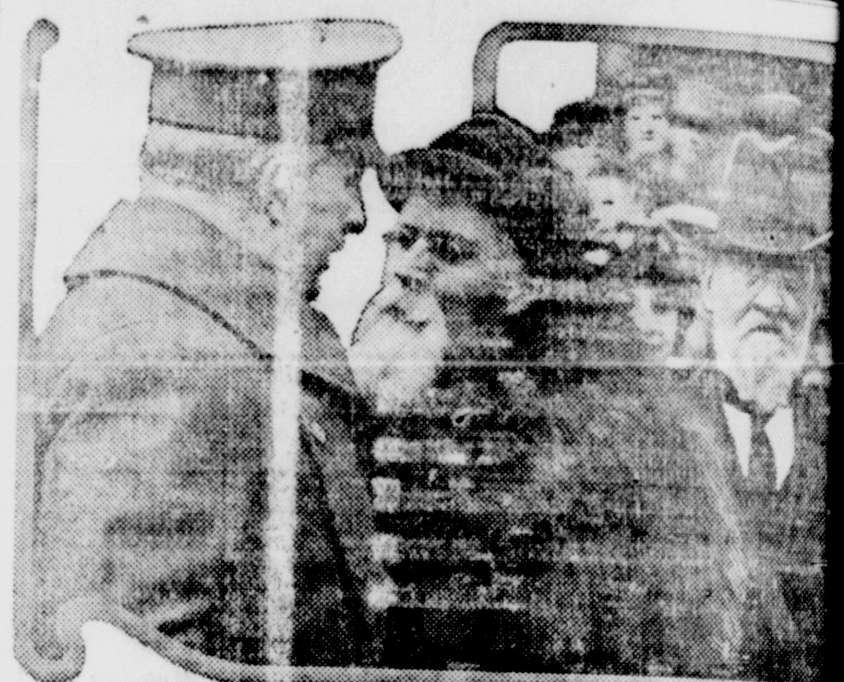

TEXAS NATURE OBSERVATIONS, by Dr. Menger, 111 North Cherry Street, San Antonio, Texas. Contains 323 illustrated pages, covering years of personal observations of our Texas fauna insects, plant life, game, etc. The American Review of Reviews judges the book thus: "A rare and more delightful book of nature knowledge in the study of the out of door world can hardly be imagined." Price \$2.50 to any address in Texas. 31tf

I AM GLAD TO ENDORSE PE-RU-NA

Glad to Try Anything
"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peru-na was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peru-na. I am glad to endorse it."

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the stipated condition. Chamberlain's Tablets are also most excellent for indigestion. Sold everywhere at

CALLED HER FAMILY

TO HER BEDS

Six Years Ago, Thinking She Might Die, Says Texas Lady, But She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... commenced taking it, however, that evening I called my family about... for I knew I could not last many days unless I had a change for the better. That was six years ago and I am still here and am a strong woman, and I owe my recovery to Cardui. I had only taken half a bottle when I began to feel better. The misery in my side got less and less until I had taken three bottles and did not need any more for I was and never felt better in my life. I have never had any trouble from day to this."

Do you suffer from headache, ache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? Give Cardui, the woman's tonic. It will give you strength and health. Sold everywhere at

Capt. and Mrs. J. D. Smith have as their guests, Mr. E. W. Smith and daughter, Miss Willie, of Douglas, Arizona.

Mail orders promptly attended to Phone or write us for any and every thing usually sold in a Drug store. W. H. Windrow, Prescription Drug-gist.

Mr. and Mrs. J. D. Smith were called to San Antonio Tuesday morning on account of the death of Mr. Smith's brother, Mr. Liege Smith.

3 and 5 gallon Milk Cans. Holloway Bros.

Mr. and Mrs. Louis Decker and daughters, Misses Clara and Lurene, have left on a visit to New York, Chicago, Philadelphia and other northern cities.

Machine hemstitching and pique edge. Covered buttons made from your own material in the latest following styles: Acorn, Bullet, Full ball, Half ball and Combination. Mrs. H. B. Houston, Uvalde, Tex.

Following the conclusion of the commencement exercises at the West-moorland College, San Antonio, Mrs. E. W. Lacy and daughters, Misses Florence and Evelyn, returned home last week-end.

Milk Separators. Holloway Bros.

Estrayed from my place four miles north of Hondo, about May 15th, a three-year-old brown mare mule; about 14 1/2 hands high. Telephone 980-F-2. Will pay reasonable reward. John G. B. Itsch. 45-tf

There is nothing worse than bad, foul smelling breath; get rid of it for your friend's sake anyway. Hollister's Rocky Mountain Tea will clean and purify your stomach and bowels; your breath will be sweet, your disposition improved, your friends increased. 35c. Tea or Tablets. W. H. WINDROW.

LOST—Between Yancey and Hondo, one pair of gold-rim spectacles, Kryptoc lenses, right crumple bow broken. Inclosed in black leatherette case (J. H. Pluck stamped on case). Finder please return to Mrs. H. N. Burgin, Yancey, Texas. It

The possibility of Hondo as a business point continues to appeal to men of business foresight. Mr. John Parker, well known to the majority of the people of this section, this week threw open the doors of his place of business (the old Martin Drug Co. location on Bandera Avenue), and is now ready for business. Besides cold drinks, etc., he will carry a stock of druggist's sundries. Look up his ad. in today's paper.

Buy your Milk Coolers at the tin shop. P. H. Renken. 41-4t.

Mrs. Aug. Wendland returned Wednesday from San Antonio where she attended the graduating exercises of trained nurses at the Southwestern Insane Asylum, her daughter, Miss Mildred, being one of the graduates. Mrs. Wendland reports the graduating exercises as being very interesting, and what was particularly gratifying to her was the fact that her daughter stood at the very forefront of the graduates.

Fruit jars, fruit jar caps and rubbers at Heyen's Variety Store. 43-tf.

Mrs. J. Deckenbach, who spent the winter here and at San Antonio has gone to Brackett for a few days visit before starting on her journey to her home at Portland, Oregon. On next Wednesday Miss Corinne Ney of Hondo, and Miss Aggie Rely of Sabinal will join Mrs. Deckenbach at Del Rio and go with her for a visit to her far western home.

Mr. and Mrs. L. T. Powell and daughter, Miss Mary, of San Antonio, have spent the week here as the guests of Reverend and Mrs. John M. Alexander.

KILL THE BLUE BUGS and all Blood Sucking Insects by feeding Martin's Wonderful "Blue Bug Killer" to your chickens. Your money back if not absolutely satisfied. Guaranteed by W. H. Windrow.

For Rent.—A nice, neat four-room cottage with convenient out-buildings, in a good neighborhood and conveniently located. Ring telephone 127 or call at the office of this paper. 32-tf.

Charles Stiegler.

Last week's Anvil Herald contained a brief mention of Mr. Stiegler receiving a painful injury to one of his eyes by which the sight was destroyed. Little did we or any one else think that what was regarded as merely an unfortunate accident, would prove fatal, nevertheless, that was the result. He died in the Santa Rosa Hospital in San Antonio, where he had been taken for treatment by a specialist, at about 7:00 o'clock last Saturday morning.

Deceased was a native of Medina County, being a son of the late Henry Stiegler, and had passed his entire life in this vicinity. He had hardly reached the meridian of life, being but about 34 years of age at the time of his passing.

Just what caused the death of Mr. Stiegler is somewhat shrouded in mystery. His physician, both in Hondo and San Antonio, while regarding his injury as a very painful one, did not for a single moment regard it as one likely to have a fatal termination. His physician in San Antonio was so confident that the crisis in the unfortunate mishap that had made it necessary for him to go to the hospital, had passed that he had given him permission—or rather recommended—that his patient be brought home. A few moments before his death a glass of Pluto water furnished by a nurse in the hospital had been given to the deceased by his wife; after swallowing the water deceased was attacked by a vomiting spell, and exclaiming "I am poisoned," fell back on his pillow and expired almost immediately.

While the physicians are somewhat mystified as to the exact cause of his death, they scout the idea of poison and think rather that it was due to a blood clot, and think delirium was the cause of deceased's exclamation.

The body was brought to Hondo on Saturday's afternoon train and at 3:00 o'clock Sunday was laid to rest in Oakwood Cemetery, a great funeral cortege being present to pay a last sad tribute of respect to one they had known and esteemed throughout his entire life. Rev. A. C. Koeppe, pastor of the Quilhi Lutheran Church, conducted the services.

To the heartbroken widow and orphan children and to the great number of other relatives who are overwhelmed with grief over the sudden and untimely passing of their loved one, this paper extends sympathy, realizing, however, that to them consolation in their terrible and sudden bereavement must come from a higher than human source.

How a Noted Vet. Gets Rid of Rats—Farmers Need.

Dr. H. H. Butler says, "I use RAT-SNAP around my hospitals every three months, whether I see rats or not. It does the work—RAT-SNAP gets them every time. I recommend it to everybody having rats." Don't wait until there is a brood of rats, act immediately you see the first one. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by W. H. Windrow and Holloway Bros.

Quite a number of advertisements, programs, announcements and other items of local interest are unavoidably left out of today's paper. Some of these items were already in type but as they came in late there was no space left for their insertion. For the hundredth time we wish to suggest to those having items they wish published to get their copy in early. Newspapers like other businesses, have their limitations.

You can't cover blackheads, pimples, red spots on the face with powder; they're bound to be seen—don't worry or spoil your temper, take Hollister's Rocky Mountain Tea each week—it will banish them thru the blood, the only sure way. 35c. W. H. WINDROW.

Miss Gladys Newton, a student at Kidd-Key College, Sherman, is at home for the holidays.

U.S. NAVY

Carpentry
School.

There's no telling what will happen when a novice carpenter is set loose on a nice pine board.

The Navy's trade schools teach everything from boiler making to watch making. Carpentering is one of the most popular of the trades, and it is one of the most profitable with which to return to civil life.

A three or four years enlistment will give a man time to become a master carpenter, providing always that he is serious and really applies himself to his work.

Five or six years from now some of the above men will be earning good money building houses. Others will be in the service at advanced pay and still improving their knowledge of the trade.

WILL TAKE YOU ANYWHERE

The session of 1919-'20 of the Hondo public schools has closed. The pupils have begun on their vacation, and the teachers have gone to their homes to rest a short while before they enter school for the summer. The Superintendent, after a few more hours of straightening up, he, too, will remove his unsightly self from Hondo and then the whole past year will be only a bad dream.

The whole school year, as far as the purpose of a public school, has really been a success. The pupils have been obedient and they have studied hard. They have been patient, kind, generous and noble. The teachers have worked hard and deserve the admiration and respect of all the people of Hondo. We could not have had better teachers. The patrons have been respectful, loyal, and have co-operated wonderfully well. The trustees have been generous to the school and during the whole session, they have never refused a request that was made to them by the superintendent. Hondo is honored in having a broad-minded board of trustees. All in all, the school year has been a year of good work and wonderful accomplishments.

The School has turned out eleven graduates and all good solid students. We are proud to be honored to grant them diplomas but we are sorry to lose them. The greatest blow that the school has had, since the present administration took charge, was when those in the Senior class graduated. The school has lost eleven jewels that will be hard to replace. Although they have left us for good, we hope that they will be boosters for the school even if they cannot be pupils.

We want all pupils to have a good, restful vacation so that when school opens next fall they will even be better prepared to do a better year's work during the next session. We are only telling you goodbye until the next school year. Forgive us for the summer so that if possible we shall be something new for you next fall.

Pupils, Senior class of 1920, Patrons and my friends, I thank you for all the nice things you have done for me and I promise to return them fourfold. Goodbye till we meet again.

J. D. HOWELL.
(Juajilla Leaf.)

A bad taste in the mouth comes from a disordered stomach and sluggish state of the bowels. Herbine corrects the trouble immediately. It purifies the bowels, helps digestion, and sweetens the breath. Price, 60c. Sold by W. H. Windrow.

"Work and save" is a pretty good motto for any one. Too many people these days are trying to let the other fellow do all the working and saving while they do the spending. The War Savings Stamp way is a good way to save.

The misery and depression caused by a bilious and constipated condition of the system can be quickly removed by Herbine. It purifies, strengthens and invigorates. Price, 60c. Sold by W. H. Windrow.

SMITHS IN WORLD WAR.

The Smiths claim family honors in the world war. Fifty-one thousand of them saw duty in the several branches of the military service. The Johnsons, 29,000 strong, ran second, and the Jones third, with 22,500. The Greens, Browns and Cohens came next in order.

"And we didn't even miss 'em at the old homestead," said Robert Lee Smith of Richmond, Va., who made the analysis of the family records in the war here. "We could have spared steen times that many and we could have kept on sending them across had the big doin's kept up."—Juajilla Leaf.

Itching diseases can be controlled and cause removed by applying Ballard's Snow Liniment. The relief is prompt and permanent. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by W. H. Windrow.

PRODUCED GAS.

Take if you must our beer 'an' rum, but spare, oh spare, our chewin' gum.

Today is the tomorrow that you worried about yesterday—and it didn't happen.

Many a coward deceives himself in believing that he is merely cautious.

Thrift is virtue in youth and frequently a vice in old age.

There is plenty of room at the top, but most fellows want to get there on their high gear.

The old-fashioned man who used to lay by something for a rainy day is now engaged in trying to hoard up a supply for a dry day.—Juajilla Leaf.

JOHN HOENY, PRESIDENT
F. B. HOENY, VICE-PRESIDENT
R. O. BELL, SECRETARY

CORNER BRYAN AND MASTEN STREET
DALLAS, TEXAS

Cross section of five-inch Fabric Tire showing space to be filled by stretching inner tube

4.06 sq. in.

Cross section of Cord Tire same size showing space to be filled by over stretching same tube

7.19 sq. in.

Why Ordinary Tubes are Misfits in Cord Tires

THE ordinary inner tube was designed to fit a fabric tire. When it is used in a Cord tire it has to stretch 175% more in order to fill the larger air space. (See photograph) This extra stretching draws out or thins the wall of the inner tube so that it is even weaker than when used in a fabric tire. This is wrong.

A tube in a Cord tire should have stronger, not weaker, walls than one in a fabric tire.

There is greater friction between tube and casing in a Cord tire, due to the fact that the air pressure in Cords is habitually carried lower than in fabric tires—and the softer the tire the greater the internal friction, heat and wear on the tube.

Therefore, ordinary inner tubes in Cord tires are called upon to do much heavier duty than they were designed to do, and at the same time are badly weakened by overstretching while trying to do it. This is neither fair to the tube nor to the Cord casing. The Horse-Shoe Re-Cord Tube was developed a year ago to meet this condition. It is not over stretched in Cord

tires, because its walls are 50% heavier than those of ordinary tubes (nine ply instead of six). Furthermore, it survives the added friction because it is made of extraordinary rubber—rubber so free from adulteration that it floats on water—rubber so toughened by special treatment that you cannot tear or break a strip the thickness of a wedding ring.

We have named this the Horse-Shoe Re-Cord (for Cords) Tube to emphasize the fact that it was designed especially to stand the harder duty—the extra stretching and the friction in Cord tires. If you have long been a user of Cord tires, you will appreciate the necessity for such a tube as the Re-Cord. The small extra cost is negligible when compared with the extra service assured by this big brown tube.

Eight Years Trouble Gone and
Feels Fine Every Day Since
Taking Tanlac.

"Since I commenced taking Tanlac all my troubles of eight years' standing have left me and I can do as big a day's work as any man," said J. Curry, a well-known flagman on the Key Route System who lives at 577 West Eleventh St., Oakland, Cal.

"I had the worst sort of chronic indigestion," continued Mr. Curry. "I could hardly retain a thing on my stomach and had spells of belching and nausea almost every meal and I had taste in my mouth nearly all the time. I was so badly constipated that I had to take a laxative nearly every day, was troubled a lot with lumbago and was so nervous that at night I would roll and tumble from one side of the bed to the other without getting near enough sleep and when morning came I would be so tired I simply had to drag myself to work."

"I began taking Tanlac and will say right here it measures up to everything people say of it, for it has put me back in as fine health as I ever was. I eat anything set before me without the slightest bad after effects, I sleep like a log every night and all my other troubles are gone. I have more life and energy about me than I have had in years and can't praise Tanlac enough, for it is the most dependable medicine I ever heard of."

Tanlac is sold in Hondo by W. H. Windrow; in Castroville by Joseph Courand and Co.; and in Dunlay by Louis A. Haby.

Pull Together for an American Merchant Marine

The war resulted in the creation of a great merchant marine—10,000,000 tons of American ships which cost us \$3,000,000,000.

Everybody agrees that we must keep this fleet on the seas.

If we fall back to pre-war conditions—when only 9 per cent of our foreign trade was carried in American ships—

We shall be in the position of a department store whose goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate our war-built merchant marine.

Until this is done the ships we have should not be sold to face conditions which, prior to the war, resulted in the decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a right solution of our shipping problem is vital to the future prosperity of shipbuilding, but equally vital to the safety and prosperity of the nation.

Send for free copy of "For an American Merchant Marine."

Committee of American Shipbuilders
30 CHURCH STREET, NEW YORK CITY

Juailla Leaf Notes.

BACCALAUREATE SER- MON.

On Sunday morning, May 23, Rev. Mr. Goodrich R. Fenner, of Uvalde, delivered the baccalaureate sermon to the graduating class of H. H. S. His theme centered around the duty of the younger and rising generation: rescue the world from its chasm of darkness, deliver humanity to its true Christian standards, and forward civilization to a height of perfection. The subject of his text was taken from the Gospel of St. Matthews and concerned itself with the attempt of the modern Christians to make it possible for them to meet the new conditions.

Rev. Fenner was not very well known here until his sermon at the Methodist church. That his college education and training fitted him for the ministry, was plainly visible during his sermon. Such a wonderful control of language, such an easy, flowing deliverance, such remarkable allusions and illustrations, and such interest-holding and moral teaching remarks, made his sermon—or rather it seemed more like one of the famous essays of Carlyle or Ruskin—one of the most complimented and one of the best ever delivered from the pulpit to the people of Hondo.

The Senior class was very, very fortunate in getting such a man to render its annual sermon. Mr. Fenner's eloquence and deep-meaning phrases will long be remembered by the graduates, as well as by the whole audience, because his address created such a deep impression of the truth of the conditions of Christianity.

ALUMNI PICNIC.

The Seniors were entertained on May 21 with a moon-light picnic upon the river, the promoters being the Alumni. After every one had their fill of swimming, the Seniors were given the solemn oath of the ancient and venerable order of the Alumni and were duly prepared for initiation. The boys were forced to remove shoes, roll up their trousers and after wading up to their knees in water, commanded to address the audience for one minute. The prevailing subjects of these talks were the speakers' opinions of the extreme length of that one minute.

Next came the girls turn and under the influence of several pairs of masculine hands, real miracles were performed. After a few minutes of torture, they found that each of them was the proud possessor of at least half a dozen beautiful, tightly wrapped plaits.

After these necessary and grave tasks were over, a wonderful supper was spread on the beach and the only sound that broke the deep silence for at least half an hour was the cracking of a chicken breast or the departing sigh of a slice of cake.

MRS. HARALSON ENTERTAINS SENIORS

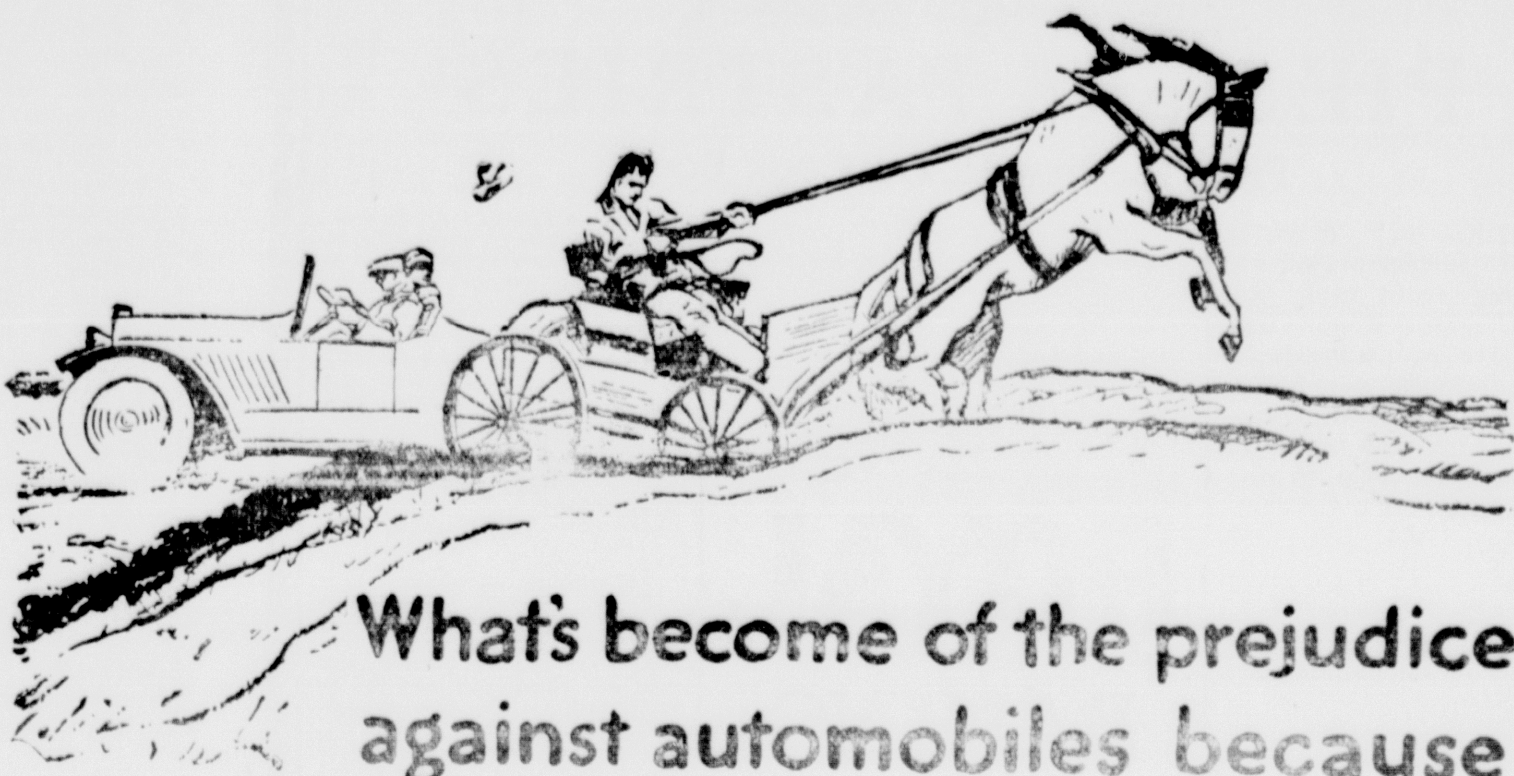

The Senior Class was generously entertained by Mrs. O. Haralson, the proprietress of the Star Theatre, with a theatre party last Tuesday night. The reserved seats were tastefully decorated in purple and gold and chocolates were served during the performance. The members of the class had a rollicking time and are appreciative of the courtesy shown them by Mrs. Haralson. After the show, the Class repaired to the Hutzler Confectionary, where several courses of refreshments were served, Supt. Howell acting as host. Those present were: Leah Flint, Caro Fusselman, Edna Graff, Helen Lacy, Irene Roberts, Selma Stiegler, Ruth Windrow, Wallace Heath, Chas. Wilson, Supt. J. D. Howell, and Prin. G. T. Newton.

FACULTY ENTERTAINED.

One of the most charming affairs of the year was the reception given the faculty and friends by Mr. and Mrs. Frank Scott Cockrell. The Cockrell home was beautifully decorated and as the guests arrived they were entertained on the front veranda. Then a lively, Will-o'-the-wisp game was enjoyed, the well earned prizes, on the end of each string affording vast amusement. A feature of the evening was the guest books, presented to Superintendent J. D. Howell and Principal Guy T. Newton. A short musical contest was enjoyed after which a delightful salad course was served by the hostess.

GLYCERINE MIXTURE FOR GAS ON STOMACH

Simple glycerine, buckthorn bark, etc., as mixed in Adler-ika, relieves ANY CASE gas on stomach or sour stomach. It acts on both upper and lower bowel and removes all foul matter which poisoned stomach. Often CURES constipation. Prevents appendicitis. The INSTANT pleasant action of Adler-ika surprises both doctors and patients. One man who suffered five years from indigestion and constipation was helped by ONE dose. W. H. Windrow, druggist.

What's become of the prejudice
against automobiles because
they frightened the horses

NOW cars are everywhere. The horses have gotten used to them—and so has everybody else. Think of it! This year the American people will spend nearly a billion dollars on tires alone.

Tires are one of the biggest items on the car owner's bills.

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday trip, that one or more of you doesn't tell us something of value to our business. Sooner or later it comes back to you in Service.

Service is what the car owners of this community are looking for nowadays.

And especially the small car owners, who put service

first in figuring their motor-ing expenditures.

Just because a man has a moderate-price car is no reason why he should get any less service out of his tires.

We believe that the man with the small car is entitled to just as good tire service as the man with the big car—and both are entitled to the best tire service they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—large and small—are coming to us every day for U. S. Tires.

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

A Matter of Business

Will you trade with us if
we make it to your
interest?

Our business is based on a knowledge of this fact. Our stock is bought with a view to doing just that thing—give the most and best for your money. We believe we are fully prepared to carry out this purpose on every thing you buy from us. Anyway—

We guarantee that the man who undersells us will never get rich off the sales he makes.

Are you open to conviction? Then come and see us.

Hondo Mercantile Co.

H. E. Haass, Attorney at Law, Surveyor's Office, Court House, Hondo, Texas. All legal matters carefully attended to, in all courts of Texas. Manager Medina County Abstract Co. Road maps of Medina County, cloth \$5, paper \$3.

Notice.

My fine Percheron Stallion will make the season at my farm, 4 miles west of Yancey. Terms, \$5.00 in advance and \$5.00 on birth of colt, or \$12.00 to insure colt. AUGUST BOHMFALK. 28

No Worms in a Healthy Child

All children troubled with worms have an unhealthy complexion, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Another Royal Suggestion PIES and PASTRIES

From the NEW ROYAL COOK BOOK

CCHEER up! There is no further reason for worrying about table variety. The new Royal Cook Book gives new suggestions for every meal every day. The book is so full of surprises there will never be another dull meal in the home. Here are a few suggestions from the new Royal Cook Book.

Plain Pastry

This recipe is for one large pie with top and bottom crust

2 cups flour
1/2 teaspoon salt
2 teaspoons Royal Baking Powder
1/2 cup shortening
cold water

Sift together flour, salt and baking powder; add shortening and rub in very lightly with tips of fingers (the less it is handled the better the paste will be). Add cold water very slowly, enough to hold dough together (do not work or knead dough). Divide in halves, roll out one part thin on floured board and use for bottom crust. After pie is filled roll out other part for top.

Rich Pastry

2 cups pastry flour
1/2 teaspoon Royal Baking Powder
1/2 teaspoon salt
1/2 cup shortening
cold water

Sift flour, baking powder and salt; add one-half shortening

ROYAL BAKING POWDER

Absolutely Pure

and rub in lightly with fingers; add water slowly until of right consistency to roll out. Divide in halves; roll out one half thin; put on in small pieces half remaining shortening; fold upper and lower edges in to center, fold sides in to center, fold sides to center again; roll out thin and put on pie plate. Repeat with other half for top crust.

Apple Pie

1 1/2 cups flour
1/2 teaspoon Royal Baking Powder
1/2 teaspoon salt
2 tablespoons shortening
4 apples, or 1 quart sliced apples
2 tablespoons sugar
1 teaspoon milk

Sift flour, baking powder and salt; add shortening and rub in very lightly; add just enough cold water to hold dough together. Roll half out on floured board, line bottom of pie plate; fill in apples, which have been washed, pared and cut into thin slices, sprinkle with sugar; flavor with cinnamon or nutmeg; wet edges of crust with cold water; roll out remainder of pastry; cover pie, pressing edges tightly together and bake in moderate oven 30 minutes.

"Bake with Royal and be Sure"

Honoring Miss Powell.

Last Thursday night the home of Mr. and Mrs. R. J. Reilly was the scene of a delightful gathering in honor of Miss Joyce Powell, Mrs. Reilly's niece, of Centerville, Texas.

The crowd was genially entertained throughout the evening with music and interesting progressive games. The following enjoyed an elaborate course of ice-cream in the form of a basket filled with strawberries, and delicious cake: Misses Lucile Newton, Erna Leinweber, Ruth Windrow, Irene Roberts, Gladys Woods, Caro Fusselman, Helen Lacy and Misses Powell and Sullivan; George Windrow, Milton Babbot, Martin Hudspeth, Earl Lacy, Randolph Metzger, Sidney Fly, Wallace Heath, Chas. Wilson and the host and hostess.

Bridge Club.

Mrs. Robert Decker was the charming hostess to the "Auction Bridge Club" on Friday, May 28, at her beautiful home north of Hondo.

Mrs. Decker was assisted by her sister, Miss Aline Schuchard. The reception hall, living-room and dining room were a profusion of ferns and cut flowers.

After an interesting contest for the highest score, a delicious lunch, consisting of salad, sandwiches and iced tea, was served.

The guests were Mesdames, W. H. Smith, O. H. Miller, F. S. Cockrell, John Heyen, Ralph Russell, Horace Bradley, Henry Merriman, L. E. Heath, H. J. Meyer, J. M. Finger, R. J. Noonan and Miss Schuchard.

Mrs. Hy. Merriman Entertains.

On last Tuesday afternoon Mrs. H. E. Merriman entertained in her delightful manner in honor of Mesdames P. L. Crain and R. G. Allen, of San Antonio.

The rooms were attractively decorated with cut flowers and potted plants. In the living room where several games of progressive forty-two were enjoyed, Shasta daisies in tall vases were arranged in artistic effect.

The dining room was in a springlike adornment of sweet peas and phlox, the color scheme of pink and green being used. The table held as a center decoration a vase filled with tall spikes of pink gladioli beautifully reflected, with graceful streamers of pink and green satin ribbon. Grouped around this were small baskets filled with Dresden colored sweet peas and phlox. The same color scheme was carried out in the place cards. The favors were corsage bouquets of sweet peas and fern. The two honorees were presented with forty handkerchiefs tied with pink and green.

Among those present in addition to the honorees, Mrs. P. L. Crain and Mrs. R. G. Allen, and the hostess, Mrs. Merriman, were Mesdames Marvin Beal, Roy Carter, W. H. Smith, O. A. Fly, Horace Bradley, Misses Della Peters, Fanny Carle, Bessie Mae Chancey and Willie D. Fly.

O. H. MILLER will take pleasure in showing you his "perfect protection policy". Don't miss asking about it.

HONDO TESTIMONY.

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Hondo resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Hondo recommendation. Then insist on having Doan's. You will know what you are getting:

B. H. Robinson, carpenter, says: "Several years ago I was troubled with my kidneys. I had to get up about three or four times at night to pass the kidney secretions which were scalding and highly colored. I had dizzy spells and black specks would appear before my eyes. My back ached and I had sharp pains in the region of my kidneys. A friend told me of Doan's Kidney Pills, so I got a box. That one box of Doan's regulated my kidneys and my back never aches now."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Robinson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mrs. Cox Honored.

The beautiful home of Mrs. F. S. Cockrell was the scene of merriment on Monday afternoon, May 31, the occasion being a card party complimentary to Mrs. Kenneth Cox of San Antonio. Mrs. Cox will be pleasantly remembered as Miss Joanna Rothe.

At the conclusion of a series of interesting games of Auction and High-Five, Mrs. R. J. Noonan and Mrs. L. E. Heath were each awarded a set of cut glass tumblers. The honor guest received a cut glass fern dish. The consolation was won by Mrs. J. G. Heyen.

A dainty lunch, consisting of fruit salad, sandwiches and iced tea, was served.

The ladies partaking of Mrs. Cockrell's hospitality were: Mesdames L. E. Heath, L. J. Brucks, H. J. Meyer, Horace Bradley, J. M. Finger, Chas. Finger, T. B. Holloway, R. J. Russell, Oscar H. Miller, Robert Decker, Henry Merriman, R. J. Noonan, Ed Cameron and Fletcher Davis, and Miss Naomi Gouger of San Antonio.

Announcements.

For Representative 116th District

We are authorized to announce

as a candidate for the office of Superintendent of Public Education of Medina County, subject to the Democratic Primaries in July.

Money at 5 1/2 Per Cent Interest

Plenty money to lend on farms at 5 1/2 per cent interest (plus 1 per cent on principal), from \$100 to \$10,000 at 5 to 35 years time, no renewals. The best law ever enacted by Congress for small land owner to help himself. Ask for particulars.
H. E. Haass,
at Court House, Hondo, Texas.

**Paint
Has Saved It
From Ruin**

Without paint protection during its seventy years of service it would have gone to ruin long ago. The surface coating of paint has borne the wear of rain, storm, sun and wind—no chance for decay or rot. Every board and timber will be sound and strong, as long as it is kept well painted.

Lincoln House Paint

gives the best and most lasting protection. It will cover more surface per gallon and wear longer than ordinary paint.

Let us estimate the amount you will require and show you color combinations suitable for your house, whether you buy or not.

The World's Largest Tire Factory Building 30x3, 30x3 1/2 and 31x4-inch Tires

Owners of the smaller cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30 x 3-, 30 x 3 1/2-, and 31 x 4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag \$4.50

GOODYEAR

NEURALGIA

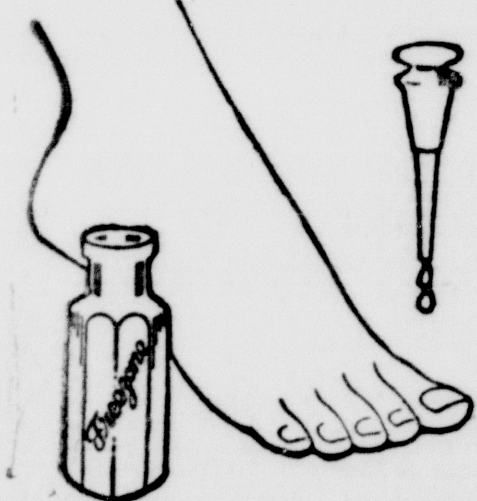

The powerful, healing germicidal action of Hunt's Lightning Oil gives instant and positive relief from throbbing, nerve-racking pains of Rheumatism, Neuralgia, Headache, etc. At your druggists, 5c and 10c a bottle.

HUNT'S LIGHTNING OIL

W. H. WINDROW, Druggist.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!
